

TEST FOR SHAKEN BABY
Organizational Strategies/ Sharon Sarles c 2013

1. What are some things a person can do to be sure they don't shake a baby.

2. You are tired. It has been a bad day. Your least favorite child is at it again. You are frustrated.

No matter what you try, you can't make the baby stop crying. What do you do?

3. What does SBS stand for?
